Who we are...

Paint Pots is a caring and friendly nursery which offers a stimulating learning environment.

I am a mother of three children and have 9 years Primary teaching experience. I understand the anxiety of leaving your child in nursery care when returning to work. I know how important it is for your child to feel a sense of belonging and for you to feel confident in leaving your child in our care. Our staff are delighted to share in your child's achievements

Baby Room (0-2 years)

Our baby room is a safe, loving and nurturing environment for the tiniest of the children entrusted to us. We follow the home routine of each baby as closely as possible and are delighted to share experiences with you.

Talking to babies is important and we respond in a warm and consistent way, giving close and relaxed contact. There is a quiet sleeping area which contrasts with the busy play area where your child can explore and discover their world. Weather permitting, your baby will be taken for walks or enjoy time in the garden.

Two to Fives

Our child-centred approach gently guides your child through a thoughtfully planned day. This involves learning through play with staff giving adult support to enhance your child's all round development. We offer variety of activities which include:

- ◇ Arts and crafts
- ◇ Sand and Water Play
- ◇ Construction
- ◇ Imaginative Play
- ◇ Stories and Music
- ◇ Puzzles and Games

Children may also spend time outdoors either exploring and discovering in the natural area of the garden or helping to plant and water our vegetables and plants.

Pre-school Children

The nursery is registered with the Care Commission and is in partnership with Perth & Kinross Council. Funding can be accessed once your child is 3 years old.

We encourage children to respect others, learn to share and develop a healthy self image through praise and encouragement. When your child leaves to go to school he or she will do so confidently and with a sense of independence.

Meals

We meet together in the early morning for toast. We have morning and afternoon snack times with healthy food choices and the chance for the 2-5's to learn to pour and spread. After a busy morning, lunch is a time to stop and talk to friends as we encourage independence and social skills.

Opening Hours/Fees

We are open all year round (except for two weeks over the Festive Season).

Session times are:

Full Day	7.45 am - 6.00 pm
Morning	7.45 am - 12.45 pm
Afternoon	1.00 pm - 6.00 pm

All fees are payable monthly in advance.

We are here for parents who value high quality care for their child during their absence in working hours.

We are flexible, providing full or part-time care to suit you.

We are happy to show you round to give first hand experience of the care we offer.
